

PLATFORM COMMITTEE UNABLE TO REPORT AFTER LONG SESSION

BRYAN'S FIGHT FOR DRY PLANK UPSETS PLANS OF LEADERS

BULLETIN

SAN FRANCISCO, July 1.—Shortly after 11 o'clock the platform committee voted 39 to 11 to reject a light wines and beer plank. William Jennings Bryan had "not" talked on his bone dry plank up to that time.

The action narrowed the fight down to two points, whether the platform would contain a provision for rigid enforcement or remain silent entirely on the prohibition question.

AUDITORIUM, San Francisco, July 1.—After a futile night session given over principally to waiting for the wet and dry fight to come off, the Democratic national convention finally found the platform committee unable to report and without prospects of making a report before tomorrow morning. It adjourned at 10:25 o'clock until 10 o'clock tomorrow morning. While the convention marked time down in the big hall, tucked away in one corner of the big building the platform committee continued its effort to harmonize its report. After practically closing up the question once, the committee decided to give William Jennings Bryan another opportunity to present a prohibition plank. Apparently Mr. Bryan made such headway with his arguments that the committee which it was once thought would soon make its report with a majority determination to leave the prohibition issue out of the document found itself unable to make a report at all.

Permanent Chairman Robinson had a conference with Senator Glass of the resolutions committee and it was finally announced that there was little prospect of the committee being ready to make its report before tomorrow morning. Amid yells of disappointment from a record-breaking crowd which called for "Bryan, Bryan, Bryan" and "We want to hear Bryan," the convention adjourned until tomorrow morning. The prospects were said to be that the resolutions committee would work all night.

The resolutions committee, unable to settle the prohibition issue, had finally decided to let it come to the floor and agreed on a program which provided for one speaker on each side. William J. Bryan of course was to speak for a prohibition plank and Bainbridge Colby, secretary of state and an administration leader was to take the other side of the argument.

With the hope of hearing the convention report at 8 o'clock the convention assembled at that hour and the big auditorium was packed from floor to roof with a record-breaking crowd eager for the spectacle of Bryan in action for his favorite cause, and expecting to see the fireworks of the wet and dry fight.

Postponement followed postponement, however, and while the throng was entertained with band music, singing and selections on the great pipe organ, various estimates came down from the resolutions committee of the time when it might report. Ten-thirty o'clock, San Francisco time, was the latest and seemingly best bet. Some of the leaders wanted to suspend the rules and go ahead with balloting for a nominee but a two-thirds vote was required and hard to get.

Mrs. George Bass of Illinois, chief of the Women's bureau of the Democratic committee made a woman suffrage speech in which she said she would reveal the duplicity of Republican management in congress on the suffrage question.

The nose count made by the convention managers to determine whether the two-thirds vote to suspend the rules and go ahead with balloting could be secured, developed that all of the candidate managers were opposed to it because they felt it would get them "out of position."

At 9:30 o'clock San Francisco time the convention came down from the platform committee that it would be ready in an hour. This agreed with the previous word that they hoped to be ready by ten-thirty, the task of the convention managers was to keep the convention amused.

SAN FRANCISCO, July 1.—Furious warfare over the prohibition plank began late today in the platform committee of the Democratic national convention with every prospect that it would be carried later to the convention floor no matter what the committee finally should decide.

While the convention waited for the committee's work to be completed, wets and drys were locked in a struggle which some members thought it might take hours to terminate.

on of police across hallways and other approaches to the committee room. He also enjoined all the members to strict secrecy regarding the subjects discussed and action taken.

Senator Robinson then told the convention that after conferring with the platform committee he had found them still in session with prospects of coming for a considerable time. He said the chair was assured the committee would be ready to report early in the morning.

There were yells of disappointment at that. And in response to calls for "Bryan" Senator Robinson said the Nebraska was busy with the platform committee. Then on a motion to adjourn until 10 o'clock tomorrow morning the convention broke up for the night.

When all of the committee assignments had been reported Chairman Robinson took the announcement. There were calls of "we want to hear Bryan," from the galleries.

Chairman Robinson recognized Gavin McNab of California, who moved ratification of the national committee assignments.

Disappointed at another delay, the convention called "platform," "platform" and "Bryan, Bryan."

The selections were ratified nevertheless.

AUDITORIUM, San Francisco, July 1.—At 8 o'clock, the hour set for the reassembling of the Democratic national convention, the platform committee was not ready to report and the prospects were that the convention would not get under way for some time. In anticipation of the prohibition fight, the convention hall was packed at the appointed hour. The delegates were ready and the last tier of the galleries up under the edges of the roof were as full as they could be. The band, the organ and the singers entertained the crowd.

Chairman Robinson recognized recalling threats of bodily harm made upon him at Baltimore in 1912 had arranged to be prepared to defend their champion in case he should be imperiled in the heat of battle of the wets and drys. They had favorable points about the speaker's stand and on the platform of waiting for the possible developments they hoped would not come.

Altho the big auditorium was packed to the doors and roof, fully five thousand persons with tickets of admission were on the outside and unable to get in. At 8:35 Chairman Robinson wanted to make an announcement but the band and organ prevented it by breaking into the "Sidewalks of New York."

At 8:40 the chairman finally got order and directed that the asser be cleared.

As usual the proceedings started with prayer and the singing of the Star Spangled Banner.

At 8:50 the platform committee reported it was still not ready. On motion of Delegate Linebaugh the convention went into a temporary recess while the state delegations canvassed to name their national committeemen and national committeewomen. Most of them already have been selected and their announcement in that fashion was principally a time killing proposition while the platform committee continued to work.

While all this was going on the efforts of the combination attempting to form against the nomination of William G. McAdoo was at work and reports which came to the convention hall said it had decided to center on Cox for the presidency.

The McAdoo people on the other hand were predicting that their candidate would "go over the top" before the fifth ballot. They claimed backing of many administration leaders who are on the ground here.

While the convention was being entertained, Vice Chairman Bruce Crocker was conferring with the managers of the various candidates to see if they would regard favorably a motion to suspend the rules and go ahead with the balloting for a nominee while waiting for the resolutions committee.

The word came down from the platform committee meanwhile that if good fortune prevailed there might be a report about 10:30 o'clock and that in the prohibition fight it might be agreed to have only two speakers—Mr. Bryan on the one side and Bainbridge Colby on the other.

The meaning of this was that the platform committee could not decide the prohibition issue and was going to let it come to the floor.

The hand played "We Won't Get Home 'Til Morning," and delegates did not applaud.

SKETCH OF PROPOSED DEMOCRATIC PLATFORM

SAN FRANCISCO, July 1.—(By The Associated Press.)—The Democratic platform as drafted by the sub-committee of nine and submitted to the full committee declared for ratification of the peace treaty as a requisite to preserve the honor and integrity of the nation; suggests that the Irish question can be brought legitimately before the league of nations for settlement and is silent on the subject of prohibition.

It advocates collective bargaining for farmers; opposes compulsory arbitration of labor disputes; declares for recognition of the new Mexican government when it has established order and calls on the legislature of Tennessee Florida and North Carolina to ratify the suffrage amendment.

In many respects the platform follows that adopted by the Virginia Democrats and publicly approved by President Wilson. The league of nations plank in particular was taken virtually as a whole from the Virginia platform, though in other respects, there have been modifications and many new subjects have been added.

A summary of the sub-committee's draft follows:

Preamble.
Sends greetings to President Wilson commending his achievements in the interest of the country and of the whole world. Condemns in general terms the Republican congress.

League of Nations.
Repeats the Virginia plank with its variation condemning the action of the senate Republicans in adopting reservations and the separate peace resolution and advocating ratification of the peace treaty and such membership in the league of nations as would in no wise impair national integrity or independence.

Conduct of the War.
Praising the administration's conduct of the war, commending the patriotic efforts of American citizens to aid the government and praises the military and naval forces with mention of General Pershing by name.

Finance.
Again incorporates the language of the Virginia Democrats in extolling the federal reserve system and the financing of the war and in condemning the Republicans for extravagance.

Taxation.
Criticizes the Republican congress for failing to revise war time tax schedules and demands a survey of tax conditions by the coming congress. Denies Republican claims of economy, declaring no money was saved except at the expense of the efficiency of government bureaus.

High Cost of Living.
Blames diminished production for high prices and declares the Republicans responsible in that they delayed peace and failed to provide the president with necessary legislation.

War Investigations.
Condemns the Republicans for their use of appropriations in investigating the conduct of the war.

Profiteering.
Pledges the party to enactment and enforcement of such legislation as may be required to bring profiteers before the bar of criminal justice.

Tariff.
Re-affirms Democratic tariff doctrine and declares for a research on the subject by a non-partisan commission.

Budget.
Defends President Wilson's veto of the budget bill and advocates a budget system partially under direction of the secretary of the treasury with consolidated auditing.

Postal Service.
Commends Democratic administration for the postal service and makes a blanket declaration for higher salaries for postal employees. Advocates greater use of motor vehicles in transportation of mail and extension of the parcel post.

Free Speech.
Declares for free speech and a free press except insofar as it may attack the life of the nation.

Agriculture.
Praises the Democratic record in establishing farm loan banks and other farm legislation. Endorses collective bargaining and researches into production costs.

Labor.
Follows the Virginia plank in

declaring strikes and lock outs should not jeopardize the paramount public interests but adds a statement of opposition to compulsory arbitration. Favors readjustment of salaries of government employees.

Suffrage.
Congratulates legislature that have ratified the suffrage amendment and urges Democratic governors and legislatures of Tennessee, North Carolina and Florida to complete ratification in time for women to vote this fall.

Women in Industry.
Declares against child labor. Favors legislation for child welfare and maternity care; advocates increases in teachers' salaries. Urges extension of vocational education, better conditions for working women and reclassification of the civil service with a view to equality of the sexes.

Endorses separate citizenship for married women.
Soldier Compensation.
Advocates generosity to disabled soldiers; but declares against excessive bond issues to pay compensation which would place patriotism on a pecuniary basis.

Railroads.
Commends federal administration of railroad during the war, declared it was efficient and economical despite inadequate and worn out equipment. Criticizes the recently enacted transportation act and says congress temporized until so late a date that the president was forced to sign the bill or else throw the railroad situation into chaos.

Highways.
Favors continuation of federal aid in road building.

Inland Waterways.
Calls Republican plank inadequate and advocates further development of adequate transportation on rivers and further improvements of inland waterways.

Recognizes the importance of connecting the Great Lakes with the Mississippi as well as with the St. Lawrence.

Foreign Trade.
Favors extension of foreign trade.

Merchant Marine.
Pledges the party to a policy of continued improvements of the merchant marine under proper legislation.

Reclamation.
Advocates extension of arid land reclamation with a view to home building.

Mexico.
Deplores the misfortunes of the Mexican people and upholds President Wilson's Mexican policy, declaring that as a consequence order is re-appearing in Mexico. Advocates recognition of new Mexican government when it has proved its ability to maintain order.

Ireland.
Reiterates President Wilson's principles of self-determination, expresses sympathy with the aspirations of the Irish people and declares that when the United States becomes a member of the league of nations, it can legitimately bring the Irish problem before the bar of the league.

Armenia.
Declares it the duty of the American government to aid in the establishment of order and complete independence for Armenia.

Alaska.
Commends the Democratic administration for railroad construction and coal and oil development. Advocates modification of coal law to facilitate development and also extension of the farm loan act to Alaska.

Philippines.
Declaring for Philippine independence without unnecessary delay when the islands are ready for self government.

Hawaii.
Advocates a liberal policy toward Hawaii with greater development of the rights and privileges of the middle classes.

Corrupt Practices.
Deplores the pre-convention expenditure of Republican presidential candidates and advocates regulation of such expenditures by federal law.

Federal Trade Commission.
Praises the administration of the commission and advocates amplification of its work.

Livestock Markets.
Favors legislation for supervision of livestock markets by the federal government.

SEEK STATE AID TO OBTAIN COAL

CHICAGO, July 1.—The state public utilities commission was appealed today by the Chicago Real Estate Board for aid to enable Chicago apartment building owners to obtain coal. L. T. Orr, chairman of the board's coal committee, said the situation was acute and that immediate action was necessary to prevent a coal shortage next winter.

He said Chicago was not receiving a normal supply due to failure of the railroads to move cars and the limiting of shipments from Virginia and West Virginia to New England. The supply of Illinois coal was negligible, he said.

PRESIDENT ENTERTAINS
Washington, July 1.—President and Mrs. Wilson entertained at luncheon today Ambassador and Mme. Jusserand, who will sail Saturday for France to spend the summer. It was the first time since the president was taken ill last September that a member of the diplomatic corps had been entertained at the white house.

Rome, July 1.—The newspaper announce today that according to official figures 24 persons were killed and 71 wounded during the recent mutiny of troops at Ancona.

LITTLE HEADWAY MADE BY ANTI- M'ADOO FORCES

Move Still Without
Any Definite
Results

HOLD MANY CONFERENCES

SAN FRANCISCO, July 1.—The attempt at a combination against the nomination of William G. McAdoo was still being carried on when the convention went into its night session but it still was without any definite results.

Lack of headway was ascribed to the absence of central control and to the feeling among many of those importuned to join that it was really directed against President Wilson rather than wholly a movement against McAdoo.

The feeling, its managers agreed was its weakness.

Another real difficulty was that many of the supporters of candidates having enthusiastic followings, chiefly Palmer and Cox argued that they should not be asked to desert their candidates until it had been developed whether they can gain strength in these camps were scattering delegates who preferred McAdoo to any dark horse. The promoters of the attempted combination against McAdoo were proceeding desultory and one after another they continued to bring forward names such as Former Speaker Clark, Vice President Marshall, Homer S. Cummings, Bainbridge Colby and even William Jennings Bryan. Clearly and admittedly there was no name about which they could rally.

The Cox and Palmer leaders laughed at the idea of "swapping off" at so early a stage and asserted it had not been demonstrated that Mr. McAdoo commanded a place in the running to cause them to fear him it was with them plainly claim of waiting to be shown. While the real leaders were dealing with the platform question those who for one reason or another opposed McAdoo, Palmer and Cox kept up their informal conferences.

Many contended that a few ballots would easily show the impossibility of nominating either Palmer or Cox and the bitterest administration opponents warned delay in effecting a program might bring them to issue at a time too late to defeat McAdoo.

Delegates without pronounced convictions embarrassed these leaders by demanding to know why it was that a combination was necessary. In many instances this forced the admission that the principal argument why they thought Mr. McAdoo should not be nominated was that he was the son-in-law of the president. The administration clearly was in control of the convention and this explanation was popular in many quarters on that account.

A fact which has been canvassing the state delegations to determine the actual strength for each of the leading candidates. The returns do not agree but the nearest is an impartial estimate obtainable showed that on the first ballot the strength of Palmer would be about 274 and Cox in third place with 167. This left 41 delegates scattered among the other eleven candidates placed in nomination.

TWO WOUNDED IN STRIKE RIOTS

EAST ST. LOUIS, Ill., July 1.—Two men were wounded, one seriously, when a crowd said to have been composed of striking switchmen attacked the crew of a switch engine in the yards of the Southern railroad here late this afternoon and precipitated a revolver duel.

R. H. Robinette, of Appalacia, Va., a member of the crew was shot in the back. A. L. Nichols of East St. Louis, a striker was shot in the right leg. According to police, the switch engine was passing a four-way when the crowd on the sidewalk started stoning the crew. Robinette was struck by a rock and then shot. He drew his revolver and fired into the crowd, the police say.

POLICEMEN WOUNDED.

Berlin, June 30.—Two policemen were wounded and many other persons injured today in food riots at Lubeck where after compelling vegetable and fruit merchants to reduce their prices disorderly crowds marched thru the streets, lumbering shops and firing on the police when the latter intervened.

MARTIAL LAW PROCLAIMED.
Berlin, July 1.—Martial law has been proclaimed at Lubeck owing to the serious disturbances there. In the riots the police used rifles and three persons were killed yesterday. The citizens' guard was called out and calm was restored by mid-night.

OPEN AIR SERVICE
Geneva, July 1.—Aerial service between Paris and Geneva was opened today. The plane carried two passengers and mail and made the trip in three hours and fifteen minutes.

SPRINGFIELD YOUTH INSTANTLY KILLED IN AUTO COLLISION

Seven Others Seriously Injured in Accident—Two May Die as Result

CHICAGO, July 1.—Thomas Vredenburg, aged 18, son of a prominent Springfield family, was instantly killed early today when an automobile in which he was riding collided with a taxi-cab.

His brother, Ogden Vredenburg, aged 20, was seriously injured. Six other victims of the accident, two of whom may die, were taken to hospitals.

The automobile in which the Vredenburgs were riding was driven by John T. Connerly, Jr., 18, son of the millionaire coal operator and part owner of the Edgewater Beach hotel. The Connerly party also included two Chicago girls and Mentford Steele of New York.

Inquiries as to the cause of the accident, begun today by police and the coroner's office, brought forth different stories.

Harry Lindquist, driver of the taxi and Young Connerly, blamed each other for the accident, police said.

The parents of the Vredenburg boy returned to Springfield tonight with the body. An inquest will be held July 12.

CON CON REPORTS ON INCOME TAXES

SPRINGFIELD, Ill., July 1.—Income taxes in Illinois are provided for in the report of the revenue committee of the constitutional convention adopted today and submitted tonight for debate on the floor. The section provides the manner of levying the income tax and also that intangible property, such as stocks and bonds may be taxed. It would almost revolutionize state taxing.

Wages of unmarried persons, of \$1,000 a year or more and wages of the head of families of \$2,000 or more may be taxed under the provision. It also says that such income tax may be substituted for the tax which otherwise would be levied upon any property by valuation. A minority report of the committee will be offered by Delegate Kerrick of Bloomington next week.

The report of the judicial department was also offered tonight. It provides that appellate judges shall be named by the supreme court either from the bench or bar and abolishes both the city court and probate court in the down state.

SUES FOR \$300,000 LEGAL SERVICES

CHICAGO, July 1.—A suit to recover \$300,000 from John F. Jelke, head of an oleomargarine manufacturing company for legal services alleged to have been rendered him during his trial on charges of defrauding the government out of \$250,000 in taxes upon oleomargarine, was filed in the United States district court by Ferdinand Jelke, Jr., a brother.

Jelke was found guilty by a jury before Federal Judge Landis and sentenced to two years in the penitentiary. The sentence was stayed several times and about six weeks ago President Wilson gave him an unconditional pardon. The case was carried to the United States supreme court which affirmed the sentence of Judge Landis.

OLD COMMITTEE MUST FILL VACANCIES

CHICAGO, July 1.—The old Republican state committee restored to power by the supreme court decision knocking out the primary law under which the new committee was elected last April will meet and fill ticket vacancies created by the court decision regardless of whether or not Col. Frank L. Smith, state chairman, issues the call. Attorney General Edward J. Brundage announced today. Colonel Smith has expressed an intention of waiting until the supreme court hands down its written opinion in October.

Mr. Brundage said the law was mandatory, that the vacancies be filled and that the committee would have to meet and prepare a slate thirty days before election.

GERMANY SURRENDERS GREAT ZEPPELIN

LONDON, July 1.—The greatest Zeppelin ever constructed, the L-71, built in 1918 by the Germans for the purpose of bombing New York, was surrendered to the British Air Force today in compliance with peace treaty terms.

Recent dispatches from abroad have described the super-Zeppelin L-71 as being 300 feet longer than the Zeppelins which carried out bombing raids on London during the war. It was said to have a cruising radius of 12,000 miles with a speed of 100 miles an hour.

KILLED BY LIGHTNING

Omaha, Neb., July 1.—Lightning killed John Benson, 19, as he was standing in a barn near Crescent, Iowa, as he was working in Omaha a number of workmen in Omaha today during a heavy wind and electrical storm in this vicinity. Fremont, Neb., reported heavy damage to crops.

WILSON WINS DECISION.
Newark, N. J., July 1.—Johnny Wilson, middleweight boxing champion, defeated Soldier Hart, field of New York on points in a hard fought bout of twelve rounds here tonight.

CALL GENERAL STRIKE

Rome, July 1.—The labor exchange has called off the general strike. Conditions are again normal.

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

"JUST ONE" DOES IT EVERY TIME!

Only Laxative Tablets That Keep On Getting Action and Never Wear Out.

The new idea in laxatives. Twenty tablets in each box, all alike in appearance but entirely different in ingredients. Each tablet a full, correct dose of a laxative, different from any of the other nineteen.

Getting a Lot of Action. You can't take the same laxative twice in succession from a box of "Just One," because there's only one of each kind. You can't keep on pounding a single organ and neglecting the others as you do with ordinary laxatives. With just one tablet you get action through stimulation of the liver, next time through the pancreas, next the lower bowels and so on throughout the twenty. That's why their effectiveness never wears out—because you change laxatives with every dose.

It's plain common-sense. So get a box of "Just One" today. Any druggist anywhere can get "Just One" for you or we will send it postpaid upon receipt of 25c per box. Manufactured by Ferritone Chemical Co., Council Bluffs, Iowa.—Adv.

HUNGRY FEELING WAS DECEPTIVE AT MEAL TIMES

That Was Before Mrs. Arnold Discovered That "Trutona" is Worth Its Weight in Gold.

Decatur, Ill., July 1.—"Anyone who is suffering from a run-down system will find Trutona worth its weight in gold," says Mrs. Edna Arnold, who lives in Decatur, at 551 North Oakland avenue.

"Last February I suffered an attack of influenza which left me very weak and worn out. My appetite was very poor. At times I'd feel as though I was hungry, but when I tried to eat I would find that I wanted only a few bites. I was so nervous that I really dreaded to go to bed, as I couldn't go to sleep at all. I always felt as tired in the morning as I did upon retiring the night before.

My condition is greatly changed now, since I began taking Trutona. My appetite is very much improved, and I enjoy my meals. I don't feel weak and tired as I did before, and it certainly is a great pleasure to sleep as I do now. That's why I'm glad to recommend Trutona and say that the wonderful medicine is worth its weight in gold."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is being introduced and explained in Jacksonville by Cover & Shreve and is sold in Franklin by Wyle Drug Co. and in Waverly by the Wyle Drug Co.—Adv.

PEKING, June 30.—(By The Associated Press.)—The cabinet problem has virtually been solved by the selection of Chow Shumu, personal friend of President Hsu Shih-Chang to take the premier's place while Chin Yun-Peng, who has been premier and minister of war, remains only the par port folio according to authentic information today. The ministers of communication, finance and justice will be vacated by their incumbents who belong to the Anfu group and filled with civil appointees from the president's adherents. This is considered to be a notable advancement in the president's prestige.

Former Premier Tuan Chi-Jui, who recently was the leading supporter of the Anfu program is said to have given his assent to the new program while General Hsu Shu-Cheng will be removed from command of the northwest defense corps and his 32,000 troops. As a consequence, it is said of the victory of the Chi-Lin non-militarist faction over the Anfu group, there are rumors of a restoration coup which are causing some uneasiness.

WANTS PERMISSION TO CARRY GUN

CHICAGO, July 1.—Ferris Brown, lace maker at Zion City, today petitioned State's Attorney James G. Welsh of Lake county, for a permit to carry a revolver so he can smoke un-anxiously. A loaded gun is a necessary adjunct of a smoker's kit in Zion City, he states.

Overseer Wilbur Glenn Voliva of the Zion City church has retained sluggers to enforce his anti-tobacco decree, and two of them attacked Brown the other night while he was smoking a cigarette, he alleges.

CITY EMPLOYEES IN CHICAGO ON STRIKE

CHICAGO, July 1.—While one group of city employees returned to work today the ranks of strikers were augmented when several other labor groups joined the 2,000 men now out following the rejection of their wage demands by the city council. Among those called out were pile-drivers machinery movers and iron workers.

Workers in the construction division of the bureau of engineering reported for work but garbage handlers, steamfitters, electricians and stonecutters refused to return.

WOOLEN MILLS CLOSE

Andover, Mass., July 1.—The principal mills of the American Woollen Company now operating only three days a week will be shut down completely for an indefinite period on July 10. President W. M. Wood announced today. Cancellation of orders filled or ready to be filled and curtailment of orders for next season's goods, he said, made the stoppage necessary. He said it was impossible to forecast how long they would have to be kept closed.

LOAN TO SWITZERLAND

New York, July 1.—A \$35,000,000 loan to Switzerland will be raised in the United States as a result of negotiations concluded between the Swiss government and American bankers it was announced here today.

FAMOUS HORTICULTURIST ILL

San Francisco, July 1.—Luther Burbank, the horticulturist, was brought today to a San Francisco sanitarium from his home in Santa Rosa, California, for treatment. Mrs. Burbank accompanied him.

Information as to the nature of the illness of the "plant wizard" was declined at the sanitarium.

WILL BUILD BIG MERCHANT MARINE

WASHINGTON, July 1.—(By The Associated Press.)—Warning for regulation interests not to attempt interference with the development of the American merchant marine, Chairman Benson of the shipping board declared today the board was determined to build up a merchant marine as contemplated by the Jones shipping act, despite threats by such interests to defeat the law.

"Foreign carriers and those in the United States interested more in foreign than in American institutions will do well to let sleeping dogs lie," he asserted.

The warning was sounded in a talk to representatives of Pacific Coast chambers of commerce and trade bodies and American railway representatives who have been disturbed by threats to divert trade from points on the Pacific coast because of the section of the merchant marine act permitting a preferential rate over carriers within the United States on merchandise moving in export and import in American vessels.

REACH AGREEMENT ON TRADE ROUTES

WASHINGTON, July 1.—The agreement between the Hamburg-American line and the American and Commerce corporation by which the former German trade routes are to be opened to American shipping has been submitted to the shipping board for its approval, Chairman Benson announced tonight.

Admiral Benson said he had not had an opportunity to go over the agreement but as a result of conferences with W. H. Harriman, president of the American company he was confident it would safeguard the public interest and prove of benefit to the American merchant marine.

PREMIER RETURNS TO PRIVATE LIFE

OTTAWA, Ont., July 1.—Sir Robert Borden, premier of Canada, definitely announced his retirement from public life at a general caucus of Unionists tonight and his decision was regretfully accepted. No definite appointment of a successor has been made.

The caucus also decided to form a new party under the name of the National Liberal and Conservative party.

Altho Sir Robert has been in failing health for several months there was a strong general desire for him to retain his post.

MAKE APPEALS AGAINST NEW RATES

SPRINGFIELD, Ill., July 1.—Appeals from orders of the state public utilities commission raising surface street car fares in Chicago to eight cents and "nickel" telephone calls to six and one half cents, were filed in the Sangamon county circuit court today.

The car fare objected to, effective today, will cost patrons an extra \$10,000 daily, and the increase in telephone rates will cost an additional million dollars a year, according to Assistant Corporation Counsel Cleveland of Chicago.

TEAMSTERS BLOWN TO BITS

Beattyville, Ky., July 1.—Henry Alexander and George Hughes, teamsters, were blown to bits yesterday when six hundred quarts of nitro glycerine they were hauling exploded near here.

MANY VIRGINIA MINERS STRIKE

WILLIAMSON, W. Va., July 1.—Altho many miners are reported to be leaving the Mingo county, West Virginia and Pike county, Kentucky, coal fields in large numbers today in compliance with the strike order issued by officials of District 17, United Mine Workers effective midnight, last night, several mines in Mingo county continued in operation.

Operators said not over 1500 miners are involved, and prevailed in all affected regions today.

ASK FOR RECEIVER

Atlanta, Ga., July 1.—A receiver was asked for the Southern Express company in a petition filed in superior court today by the Victor-Monaghan mills which charged that the transfer of the express company's assets to the American Railway express was illegal and for the purpose of escaping creditors.

"JUST ONE" DOES IT EVERY TIME!

Only Laxative Tablets That Keep On Getting Action and Never Wear Out.

The new idea in laxatives. Twenty tablets in each box, all alike in appearance but entirely different in ingredients. Each tablet a full, correct dose of a laxative, different from any of the other nineteen.

Getting a Lot of Action. You can't take the same laxative twice in succession from a box of "Just One," because there's only one of each kind. You can't keep on pounding a single organ and neglecting the others as you do with ordinary laxatives. With "Just One" tablet you get action through stimulation of the liver, next time through the pancreas, next the lower bowels and so on throughout the twenty. That's why their effectiveness never wears out—because you change laxatives with every dose.

It's plain common-sense. So get a box of "Just One" today. Any druggist anywhere can get "Just One" for you or we will send it postpaid upon receipt of 25¢ per box. Manufactured by Ferritone Chemical Co., Council Bluffs, Iowa.—Adv.

HUNGRY FEELING WAS DECEPTIVE AT MEAL TIMES

That Was Before Mrs. Arnold Discovered That "Trutona" Is Worth Its Weight in Gold.

Decatur, Ill., July 1.—"Anyone who is suffering from a run-down system will find Trutona worth its weight in gold," says Mrs. Edna Arnold, who lives in Decatur, at 651 North Oakland avenue.

"Last February I suffered an attack of influenza which left me very weak and worn out. My appetite was very poor. At times I'd feel as though I was hungry, but when I tried to eat I would find that I wanted only a few bites. I was so nervous that I really dreaded to go to bed, as I couldn't go to sleep at all. I always felt as tired in the morning as I did upon retiring the night before.

My condition is greatly changed now, since I began taking Trutona. My appetite is very much improved, and I enjoy my meals. I don't feel weak and tired as I did before, and it certainly is a great pleasure to sleep as I do now. That's why I'm glad to recommend Trutona and say that the wonderful medicine is worth its weight in gold."

Trutona's healthful action reaches every portion of the body, and performs its work faithfully and efficiently. Trutona rebuilds diseased nerves and tissues, creates a healthy appetite and assists in the assimilation and digestion of the food.

Trutona is being introduced and explained in Jacksonville by Covner & Shreve and is sold in Franklin by Wyle Drug Co. and in Waverly by the Wyle Drug Co.—Adv.

"ON AGIN, OFF AGIN GONE AGIN FINNEGAN"

This Represents the Condition of
P. H. Griggs — Was Arrested
Again Thursday.

"On agin, off agin, gone agin, Finnegan." This old time phrase aptly illustrates the condition of Dr. P. H. Griggs who is practicing chiropactic in this city. The word, "practicing," is used advisedly, as Mr. Griggs has been kept so busy being arrested and attending court that he has not had much time left for practice.

Yesterday for the third time in three weeks Griggs was haled into Justice Bayha's court. Twice he had been acquitted of the charge of violating the medical practice act. A breathless public

is anxiously awaiting the outcome of the third trial.

The warrant Thursday was sworn out by Cassius Earler. We don't know how to spell his name. The first time we got it Earler. The second time it confronted us it was Earler. This time we got it as written above. It also is not known whether or not the gentleman is any relation to Caius Cassius who made so much trouble for the late lamented Julius Caesar. However, it would be safe to lay a wager that Doc Griggs, if he expressed himself would say of him as was said in Shakespeare's tragedy, "I like not lean and hungry men."

However that may be Griggs is a busy man these days. It is hot weather to climb stairs to the justice office every day and shoe leather is valuable. It is also hard on Griggs' attorney, W. N. Hairgrove, who is inclined to favor the late Mr. Falstaff in roundly. They both say they are going to try and stand it as long as Mr. Cassius Earler can keep up his present gait.

Hopper and Son's Shoe Store will be open Monday, July 5.

WESTMINSTER GUILD CLOSING YEAR'S WORK

Members of Westminster Guild held the last meeting until September. They met with Miss Ainslie Moore at her home on West State street. Mrs. W. S. Jones gave a most interesting talk concluding a study of the life of Christ.

After the program a picnic supper was enjoyed on the lawn. Banded they had the pleasure of viewing the extensive flower gardens which form an important part of the Moore premises.

NEW ALTON TIME CARD GIVES CITY NEW TRAIN

South Bound Hummer Will Run Thru Here Except on Sunday Night — Other Changes are Minor Ones.

Passenger service between Jacksonville and St. Louis will be greatly improved Monday, July 5, when the new time card of the Chicago and Alton railway goes into operation.

A new train will be put on between Jacksonville and St. Louis and the Hummer will again run thru here except the west bound on Sunday night which will run by way of Springfield.

No. 31, the Jacksonville accommodation, which has been leaving for St. Louis at 6:35 a. m., will now leave at 6:30 a. m. No. 15, the Kansas City train, will leave here at 10:50 a. m. instead of at 10:22 a. m. No. 33, the new train, will leave Jacksonville at 4:30 p. m. for St. Louis. No. 71 to Kansas City remains on the same schedule at 7:20 p. m. and the Hummer, No. 9, to Kansas City leaves at 11:30 p. m.

The north bound trains, the Hummer, north bound, as No. 10, will arrive at 1:47 a. m. instead of at 2:37 a. m. as on the old time card. No. 70 leaves at 6:45 a. m. instead of 6:10 a. m. Both of these trains go to Chicago. The "Plug" from St. Louis will arrive at 12:45 p. m. No. 14 to Chicago will leave at 2:30 p. m. and No. 30 from St. Louis will arrive at 9:35 p. m. rather than at 9:00 p. m.

IMPROVEMENTS AT SCHOOL FOR BLIND

The summer vacation is being used at the School for the Blind to make many repairs which it was impossible to make while school was in progress.

Between six and eight thousand feet of hard wood floors are being laid in the main building, and ten new metal ceilings are being put in. The bakery, hospital and storerooms are all being repainted, a tile floor is to be laid in the dining room. The laundry and two cottages will have new roofs.

A small brick building is to be built for use as a paint and store house, and a new lighting plant is being placed on the grounds.

Boudoir talks with Sybel on how cocoa butter rejuvenates the hands

I've always envied Sybel the ability to keep her hands so soft and white—so young looking! Wind and sun never seem to effect them at all, and yesterday she told me her secret.

"Age, my dear? Why even before the crow's feet and tell-tale wrinkles appear, your hands tell the story."

"Women spend all kinds of money in beauty parlors fussing over their faces while their hands not only keep pace with time, but even go ahead of it."

"I'll never forget how particular old Nanette was with dear mother's hands. Every night she carefully massaged them with cocoa butter. Starting at the finger tips she rubbed them gently until the cocoa butter disappeared, which showed that the skin had absorbed the nourishment."

"How Nanette would have loved Coco-Bloom, my cocoa butter cream, for Coco-Bloom contains not only cocoa butter but other ingredients beneficial to the skin. It's a genuine pleasure to use this delicious, smooth cream after you've spent an afternoon motoring or on the links playing in the sun and wind. I never wear gloves and I can just feel my parched skin relax and regain its normal elasticity as I rub in the Coco-Bloom."

"Another thing—you remember that ugly scar on my wrist where I was burned when that gasoline exploded at camp two years ago? It has almost disappeared since I began using Coco-Bloom."

"Remember, Coco-Bloom is cocoa butter cream, and it supplies exactly what is needed to make your skin healthy."

Send 10 cents to the Coco-Bloom Laboratories, Cleveland, O., for sample and instructive booklet, "The Bloom of a Perfect Skin," or purchase at 75c per jar today at any one of the following druggists:

CASSELL COMPANY NOW INCORPORATED

R. T. Cassell and Fred Steer Will Extend Cigar Business — Will Continue Making Well Known Brands.

The secretary of state has issued articles of incorporation to the R. T. Cassell Cigar Co. of this city. The incorporators are R. T. Cassell, Martha Cassell, Leah Cassell and Fred Steer. The Cassell Cigar Co. represents a business which is one of the oldest in this part of the state. The original firm was Cassell Bros. Cigar Co., the business being opened in May, 1882. The first location was on South Main street and after being organized several years a change was made to the Stryker building on South Main street. A little later another change was made and the firm moved to the Joyce building, also on South Main street.

Then after spending a few years further in the South Main street location, the business was established at 6 West Side Square, where it has continued in successful operation for a period of 24 years.

It was in July, 1910, that Lyman O. Cassell sold his interest in the business to his brother, R. T. Cassell and became a resident of Edina, Mo.

Fred Steer, who now becomes associated with the business, learned his trade in the Cassell shop. He has also manufactured for some on his own account and for the past nine years has been shop foreman for the McCarthy-Gebert Co. Mr. Steer will be in active direction of the manufacturing plant, and the company will continue to manufacture Shorthorn, Big Run, Hudson and other brands.

It is the intention to enlarge the business and the number of employees will be immediately increased. The Cassell brands are widely known, the quality having been maintained thru the years, and the reorganized company will have a large demand to meet.

The reorganization will make it possible for Mr. Cassell to devote some additional time to his other business interests.

FRED J. DEGEN DIES SUDDENLY THURSDAY

Well Known Citizen Expires While on Fishing Trip—Had Resided Here All His Life—Funeral Services Saturday.

This community was shocked Thursday about noon when word was received that Fred J. Degen one of its best known citizens had died suddenly while on a fishing trip west of the city.

Mr. Degen left the city early Thursday morning in the company of W. H. Graubner of 315 Franklin street, a neighbor and George A. Johnson of 429 South Mauvalsterre street. They drove to the Mauvalsterre creek about seven miles west of Jacksonville. The party prepared their fishing tackle and a man plowing in a nearby field told them they could find good fishing up the creek about one and one half miles.

Mr. Degen and Mr. Johnson proceeded to the place. They found it difficult of access owing to the brush and weeds and the heat. However, they finally got to the place and fished for some time.

They then started to return. Mr. Degen was in the lead when they reached the top of a hill he suddenly fell. When Mr. Johnson reached him he was dying and expired without saying a word.

Mr. Johnson at once called to Mr. Graubner and a passing autoist was hailed and asked to stop at the first house and telephone to Jacksonville. Coroner Rose was notified as also was J. H. O'Donnell who accompanied by Fred Kumble, a nephew, went to the scene and brought the body back to his undertaking parlors.

The coroner empaneled a jury composed of V. L. Lavery, foreman, John H. O'Donnell, John Sutter, Fred I. Gibson, John M. Carroll and J. O. Cain, clerk. The jury met at the undertaking parlors of J. H. O'Donnell. The jury heard the testimony of Mr. Graubner and Mr. Johnson which was substantially as given in the foregoing. A verdict was returned that death resulted from heart trouble superinduced by heat exhaustion.

Deceased was born in this city March 20, 1865 and at the time of death was 55 years of age. He grew to manhood here and for many years was engaged in the grocery business.

He was quite successful in his business and acquired considerable property. Some years ago he disposed of his grocery business to Bergschneider & Kumble. Since that time he has not been actively engaged, devoting his time to looking after his property.

He was united in marriage October 18, 1892 to Miss Mary Bergschneider, who survives. He also leaves three sisters, Mrs. Joseph Kumble, Miss Lena Degen and Miss Sophie Degen of this city. His brother Charles died in July 1912.

Mr. Degen was a member of the Church of Our Savior. He also was a member of the Knights of Columbus, Improved Order of Red Men and the Elks. He was a man of genial disposition and one who commanded the respect of the entire community.

Funeral services will be held from the Church of Our Savior at 9 o'clock Saturday morning. Burial will be in Calvary cemetery.

We will be closed all day Monday, July 5.

MADE FAST TRIP TO ST. LOUIS

D. N. James Drove Essex Car Over 118 Mile Route in Two Hours and Thirty-Eight Minutes.

D. N. James yesterday made a record run between St. Louis and Jacksonville, driving an Essex standard stock car. The 118 mile trip was made in two hours and 38 minutes, thus smashing records. Mr. James was accompanied by Charles Race of the Journal office, who checked the car out of the D. N. James Automobile Co.'s garage at 5:30 a. m. Thursday. The two arrived at St. Louis city limits at 8:08 o'clock. Fifty miles of the trip was made over freshly graded roads, a fact which quite seriously impeded progress.

The entire non-stop trip was made in high gear and without motor trouble. That the car was kept moving is shown by the total time made and the fact that one mile was covered in 43 seconds. The total consumption of gasoline was 4½ gallons for the 118 miles making an average of 24.88 miles to the gallon of gasoline. The average speed per hour was 44.80 miles.

The Essex car had previously been driven 6,000 miles and was equipped with Mason cord tires which had already seen 6,000 miles of service.

PIG CLUB MEMBERS ENTER ON CONTEST

Distribution of Pure Bred Gilts Was Made at Drawing Thursday Afternoon.

There is no denying the interest shown in the Morgan county pig club. Boys and girls between the ages of 10 and 20 are included in this club, which has been fostered by the Morgan county farm bureau. Thirty-five of these pig club enthusiasts gathered at the East Morgan street lot Thursday afternoon with the farm bureau representatives to select gilts purchased from the pure bred growers of Morgan county.

The selection was by drawing numbers. The members of the club and County Agent Kendall, with Charles Gibson and Harry Kitcher were busy in making the arrangements for the distribution. They were actively assisted by pure bred growers Austin Patterson, R. Y. Gibson, Lester Reed, Bert Way, Claude Kennett, Wilbur Williams, C. L. Hawker, Howard Stevenson and Dr. G. H. Kopperl. Members of the club and their addresses are as follows:

MEETING POSTPONED.

The Helping Class of Hibernia church will meet next Thursday at the home of Mrs. Frank McCurley, east of the city. A meeting was announced for yesterday but it was decided to postpone it one week.

NEW METER READING PLAN IS ADOPTED

Light Company Will Have One Full Time Man for This Work—Means Better Service—City Divided Into Districts.

Supt. E. H. Gray of the Jacksonville Railway & Light Co., yesterday announced a new method to be followed in reading meters rendering service bills to patrons. The city has been divided into three general districts and bills will be rendered in each district on different dates. This will make three discount days.

The purpose is to enable the company to render a more satisfactory and efficient service. The plan followed in the past has been to employ a number of meter readers during the closing days of each month and then render to consumers of gas and electricity their bills on the first day of the month. By the new plan which Supt. Gray has outlined, one meter reader, a man of experience and judgment, will be employed at this work all the time. By having the city divided into districts it will make it possible for this one man to cover the entire territory. It has been necessary frequently to take men from the meter repair department to help out with the reading work and the frequent changes in the personnel of meter readers has resulted in some inconveniences.

The one meter reader whom Mr. Gray will employ will, as indicated, be a man of experience and judgment whose sole work will be to read meters and to take care of statements or complaints made by patrons.

It is easy to understand that one man, making it his entire business to take care of this work, can afford prompt, efficient and careful service to the company and its patrons.

In the beginning the difference in the dates for payment may be a trifle confusing to consumers, but the company believes that this difficulty will soon disappear. Business men will find the dates for payment of light bills for their places of business and their houses differ, but even this will cause no confusion as soon as the plan is thoroughly understood.

Districts Outlined.
No. 1. All territory north of State street. The bills will be mailed or delivered on the 10th of the month and the last discount date will be the 20th.

No. 2. All territory south of State street. The bills will be mailed or delivered on the 20th of the month and the last discount date will be the 30th of the month.

No. 3. The public square and adjacent business territory. Bills will be mailed or delivered on the last day of the month and the last discount day will be the 10th of the following month.

The company is addressing letters to patrons explaining the plan and will use publicity matter in order to bring about a thorough understanding.

Ladies', Men's and Boy's Bathing Suits, wool or cotton, \$1.00 to \$10.00, caps to match.

GREGORY FARM TO HOLD BIG STOCK SALE

Will Dispose of Pure Bred Stock
August 26—Long Time Assessor
Makes Report — Union is
Organized.

White Hall, July 1. — The greatest public sale of pure bred live stock yet held at White Hall noted for such events up to 1916, has been set for August 26, at Gregory farm, and it will be a sale of Berkshire hogs that will embrace not only the offerings of Gregory farm, but of Berkshire breeders all over Green county, which fact makes it possible for the sale to take on most any size proportions. The date has been fixed to follow the show in connection with the state fair at Springfield, and the exhibitors at the state fair will consign to the Berkshire hogs to the White Hall sale. There has not been a public sale of pure bred live stock at White Hall since 1916, as indicated above, and there have been numerous sales here that attracted national attention, but this consignment sale in connection with Gregory farm will make the greatest sale event ever pulled off here.

Veteran Assessor Reports.

John W. Trunnels has completed his twenty-third year as assessor of White Hall township, returning his books to the county clerk Wednesday. He listed personal property to the amount of 1,714,530, about \$60,000 under last year. In the agricultural list he shows \$16,550, which takes in poultry, grain and livestock on hand. He found 246 dogs, on which the new law requires him to collect when he makes the assessment, and he turned over \$302 to the county treasurer from this source. Real estate was not assessed this year. He says the \$60,000 falling off in his personal showing is little when he says he knows of \$540,000 being invested in government bonds since his last assessment. He is now set for making his twenty-fourth consecutive assessment. If there is any assessor in the state who can exceed his record let him now speak or forever keep his peace.

Union Organized.

Local No. 373 of the United Brick and Clay Workers of America was permanently organized Wednesday evening at a meeting in the M. W. A. hall. The officers are: President, Milo Dean; vice president, Trevis Olson; financial secretary, W. F. Walker; recording secretary, F. C. Andrews; doorkeeper, Albert Baird. Permanent headquarters and the regular time of meeting have not been fixed, but the permanent organization was effected with an enrollment of 190, and now negotiations were begun today for a settlement of the strike of the sewer pipe and drain tile workers. A settlement was agreed upon last Monday between the company and the men, but the union agitation has upset plans for again getting started today under full headway. The organizer, William C. Pratt, of Monmouth, says that negotia-

tions will be taken up today with Secretary C. B. Stahl, and that it is the first aim of the union to get the strike off their hands, as they do not believe in strikes in order to adjust differences which existed at White Hall, and that he expects a very cordial hearing with Mr. Stahl. Mr. Pratt cites a line of work he did at Springfield by way of settling strikes entirely foreign to clay works, but which he says was a piece of donation work on their part. The national headquarters of the United Brick and Clay Workers are located at No. 166 West Washington street, Chicago.

Harry Mulberry and bride are spending the week with his mother, Mrs. Frank T. Campbell, and family, and will leave Saturday for Toronto, Canada, where he is now located with Swift & Co. His bride was formerly Miss Catherine Culver of Milwaukee, where Harry was located for about six years, following his graduation from the White Hall High school. Last fall he was transferred to Chicago for a few months, and during the winter was set to his new permanent assignment at Toronto. He is the kind of young man who makes the best of all his opportunities, and he has the best wishes of all his home friends.

Elmer L. Wendell is back from his quest of work in the harvest fields of Kansas, where he says there are more men than work, and that the pay is not as high as represented. Wendell gave up railroad work at Beardstown in order to profit by the harvest opportunities, and he has not met with disappointment.

Mrs. Earl Limings is receiving treatment in Our Savior's hospital at Jacksonville, where she was taken the first of the week. The little daughter of William C. Stewart underwent an operation for appendicitis at Jacksonville Tuesday night immediately after being rushed there in an automobile, and she died at 10 o'clock Wednesday night.

Mrs. Laura Pritchett and son, Edmund, have returned from an extended stay in St. Louis with her sister, Mrs. A. E. Misenbach, and were accompanied by the latter's son, Edward, who will spend the remainder of the summer with the kids at White Hall.

NEW ILLINOIS PRISON IS MODEL OF ITS KIND

Sunlight for Every Cell and Individual Wash Bowls Among Conveniences Found at New Cylindrical State Prison at Statesville, Ill.

Joliet, Ill., July 1.—Sunlight for every cell and individual washbowl with hot and cold water are conveniences to be found within the new cylindrical state prison at Statesville, Illinois.

The prison house, the first of its kind in the world, gives one the impression upon entrance of being in an aviary. Every cell has been provided with 90 minutes of sunlight, coming either direction through a skylight was figured by Forest Ray Moulton, professor of astronomy at the University of Chicago.

A cafeteria system, another new idea for prison life, has been installed. Most of the eatables are supplied from the 2,200 acre honor farm upon which the prison is located.

The 248 cells which are all alike are built of concrete with cork insulated in the walls. The doors of the cells are doubly locked. They can be automatically locked by a hydraulic oil control and then the guard comes around and locks each cell separately. They can be opened individually.

In the center of the prison is a tower from where the guards can watch the movements of all prisoners.

At night the outside of the prison is lighted up with brilliant electric lights by which the guard in the center of the round prison house can see everything that is going on in front of the windows.

The prison is surrounded with a circular concrete wall 33 1/2 feet high, 14 inches thick at the

PAUL LLOYD DIES AS RESULT OF FALL

Child Who Fell Down Elevator
Shaft in Ayers Bank Building
Dies from Injuries—Coroner's
Jury Does Not Hold Anyone
Responsible.

Paul Edward Lloyd died at 2 o'clock Thursday morning at Passavant hospital as the result of injuries received in a fall down the elevator shaft at the Ayers bank building Wednesday afternoon.

The child received terrible injuries as the result of the fall and little hope was held out for his recovery, although every effort was made to save his life.

Following his death Coroner Rose was notified and the remains were removed to the undertaking parlors of W. W. Gillham.

Coroner Rose empaneled a jury and an inquest was held at the undertaking parlors at 2 o'clock Thursday afternoon.

The jury was composed of T. H. Rapp, R. W. Dodsworth, J. M. Wolfe, W. L. Shibe, J. B. Sulter and R. D. Megginson.

The testimony of Mrs. Lloyd, the child's mother, Frank Murphy

a painter and Harold Balsley, elevator operator, was heard.

Mother's Testimony.
Mrs. Lloyd was the first witness. She testified that she had entered the elevator to go to the office of Dr. Gregory. Witness said she noticed the operator was rather slow about closing the door as he left the first floor.

According to Mrs. Lloyd when the elevator reached the third floor it stopped to take on a painter. She said the elevator started to ascend and when it was half way between the third and fourth floors the door was still open. It was then she said her son fell out of the elevator and into the shaft.

Murphy's Testimony Differs.
Frank Murphy, 124 East Independence avenue, a painter, was working in the bank building and was on the third floor and a witness to the accident. Murphy differed with Mrs. Lloyd as to the manner of the accident.

Witness said he entered the elevator to ascend to an upper floor. As he entered the cage the child ran out. Its mother called to it to come back. The operator stopped the elevator about twelve inches from the floor.

"The child ran back," Murphy said, "and caught hold of the gate which was still open. At the same instant it slipped and disappeared under the elevator into the shaft." Witness said he was the first one out of the elevator and would not allow it to be moved. He testified that the operator had been using his hand and foot to close the door of the elevator. Mrs. Lloyd had testified the operator closed the door with his foot.

Elevator Operator's Version.
Harold Balsley, 881 Case avenue, who was in charge of the elevator was the last witness. Balsley testified that he had been operating the elevator for the past three months. However, he had been working extra until recently.

Balsley's testimony was practically the same as that of Murphy. He said when he stopped at the third floor and opened the door the child ran out. It ran back when its mother called and grasped the door, the elevator being at the time about fifteen inches from the floor.

Witness said he was afraid to run the elevator down and also

was afraid to close the door for fear of injuring the child.

Attorneys Present.
Attorney W. T. Wilson and Attorney P. P. Thompson were present at the inquest. Mr. Wilson questioned all of the witnesses at length. It is said he has been retained by the Lloyd family in the matter.

After hearing the testimony the jury returned a verdict that death resulted from a fall down the shaft of the elevator in the Ayers bank building. No blame was attached to anyone for the accident.

Funeral services will be held from the residence of Charles Rowe at 2:30 o'clock Saturday afternoon in charge of the Rev. J. O. Kirkpatrick. Interment will be in Diamond Grove cemetery.

"Patriotism and the Sabbath"—J. H. Reid.
Vocal Solo—"Song to the Flag"—J. A. Walters.

SEVEN SCREEN SERMONS AT BROOKLYN.

The following services are announced for the Brooklyn church lawn for seven consecutive Sunday evenings beginning each evening at 8 o'clock, and illustrated with beautiful stereoscopic views.
July 4—Glimpses of Galilee.
July 11—Dreams of Duties.
July 18—Crucibles of Character.

July 25—The Shadow of the Cross.
August 1—Thinking and Turning.
August 8—The Other Wise Man.
August 15—Pilgrim's Progress.

No admission charged. Come and bring a silver offering.

John Thomas of Jerseyville was attending to affairs in the city yesterday.

WILL GO TO WORK TODAY.

Thomas Duffner has bought the fixtures, shelving and all appliances in the Lukeman Brothers' clothing store and will go to work today painting and putting things into shape generally. He expects to have a fine, attractive place.

Banker's Friends Elated

"Twelve years ago I became afflicted with stomach trouble which steadily became worse. I frequently became prostrated with colic attacks and bloating. My doctors wanted to operate for gall stones. I wished to avoid an operation and on advice of a friend tried Mayr's Wonderful Remedy with excellent results as since taking it about 2 years ago my trouble has entirely disappeared." It removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists.—Adv.

You are Going to Have a Monument Erected—Why Not Now?

Granite is NOT going to be cheaper; in fact, there are reasons why we know it cannot go down.

But in ordering now, before our present stock is exhausted, you have the advantage of the lower prices.

In ordering Balfour Pink you have a monument that is imperishable.

Balfour Pink is rightly named "The Granite Eternal."

We invite you to call and talk the matter over with us.

REAL ESTATE OPPORTUNITIES

Had you bought land ten years ago you would now be rich. Ten years is not a life time, there are ten and more years ahead of you. Lands are constantly advancing, and offers you the same opportunity in the next five years and even more so, for the advance will be greater.

More large fortunes are made from the advance of real estate than from all other sources combined. Land is the first possession for which men strive, because it is the highest type of security known in the world. It will produce. Labor expended on it brings returns. It is the source of all wealth. It offers now, as in the past the most profitable field of investment. Don't you want a home? Come in and talk it over with us.

RIVER BOTTOM LAND
TO BE RECLAIMED

Vast Acreage of Illinois Land May be Made to Yield Thru Working of Drainage Provision—Proposal Also Has Sanitary and Mining Advantages.

Springfield, Ill., July 1.—There are between a million and a million and a half acres of river bottom land in Illinois, at present practically worthless, which may be made to yield their quota of grain for the constitutional convention.

This estimate was made by two of the foremost advocates of a state-wide drainage plan, Senator Henry M. Dunlap of Savoy, chairman of the agricultural committee, and Delegate Sylvester J. Gee, of Lawrenceville. Every river in Illinois, they said, has along its course hundreds of thousands of acres of rich land so flooded in times of heavy rainfall that cultivation is worse than useless.

Especially they say is this the case in Southern Illinois. Along the Wabash river, the Embarras or Ambro river, the Kaskaskia, the little Wabash, the Big Muddy and the Little Muddy, Skillet Fork and Cache rivers, to mention a few, farmers have plowed land nine years in succession, to have their work made sport of by the waters rushing down from Central Illinois to add their volume to the Father of Waters.

Years ago this land was profitable. Two crops out of three on an average were successful.

But with the invention of drain tile, improvement of Central Illinois farms came at the expense of Southern Illinois. Pools of water on farms upstate, which previously had waited for evaporation, were hurried off by under-drainage to join the brimming rivers running southward. Cutting of forests added to the excessive volume of water.

Streams in Southern Illinois meander so much, their banks could not hold the inordinate rush. They over-ran national limits and spread over wide areas hunting for a direct route.

New laws may now be made according to the proposed constitutional provision, providing for straightening such channels, greater outlets for for drainage. Under the old constitution much drainage work was done, but the attempts were local and disproportionate to the task. Unequal districts worked on their particular parts of the same river valley without any co-ordination of purpose. The new constitutional provision would provide state supervision and appropriation from tax levies, so the reclamation of some of Illinois' richest land may be done systematically.

Both Mr. Gee and Senator Dunlap declares the new provision one of the greatest strides forward for agriculture that has been taken in years in Illinois. While it is primarily for the purpose of making the state a party to development, construction and maintenance of drainage districts on behalf of the farms, the proposal has also sanitary and mining advantages.
